MUSIC GIFTS CATALOG

TO OUR VALUED CUSTOMERS,

Within these pages you will find high quality exceptional music gifts for which AIM Gifts has always been known. We are excited to showcase hundreds of new items as we continue our forty year tradition of industry leadership and innovation.

Founder Albert Elovitz began AIM Gifts as a one-man operation, selling music products out of the trunk of his car, and then from his home. He quickly outgrew his home office, and in 1986 AIM Gifts was recognized by *Inc.* magazine as one of the fastest-growing privately-owned companies in the United States. In 1997 Albert built a 90,000 square foot warehouse located in Pittsburgh, PA. Today AIM Gifts continues to grow. In 2013 we shipped the largest international order in company history. Our customers span the globe – we ship to over 100 countries and all 50 states.

Our goal remains the same since the company's inception: to provide the best customer service possible and to offer you the support and knowledge needed to help grow your business. We are proud to offer no minimum order requirements and guarantee the quality of all products. Your sales consultant will be happy to assist you with any questions you may have.

We hope you enjoy our new catalog and wish you great success.

A handwritten signature in blue ink, which appears to read "Albert Elovitz". The signature is fluid and stylized, with a long horizontal line extending from the end.
