

AIM MUSIC GIFTS

2017-2018 CATALOG

With appreciation for our customers and friends,

AIM Gifts, is proud to present our new Music Gift Catalog containing hundreds of new and profitable music gift accessories. As you look through the catalog, we hope you get as much pleasure viewing our product lines as we do creating and offering them to you.

AIM Gifts is the industry's leader and innovator of music gift merchandise and has been offering goods both domestically and internationally for over forty successful years. Owner and founder, Albert Elovitz, started the company from the trunk of his car. As Aim Gifts continued to grow, it was recognized by Inc. Magazine as one of the fastest growing privately owned companies in the United States. As a result, Albert built a new 90,000 square foot warehouse. The new warehouse utilizes current software and technology for accuracy and efficiency to provide the best customer experience available.

Although AIM's objectives and goals may change to better meet our customers' requirements, its mission statement has always stayed the same, "To offer the best customer support and quality products to assist our customers in the growth of their business." Our Senior Staff of Sales Consultants have the knowledge and experience to grow your business.

We are proud to offer no minimum order requirements and guarantee the quality of all products sold.

We thank you in advance for your business and wish you great success!!

A handwritten signature in blue ink, which appears to read "Albert Elovitz". The signature is stylized and fluid, with a long horizontal line extending from the end.
